## Care for the Older Adults Coding Chart

Providers treating our members 66 years and older should complete the Care for Older Adult Assessments annually. We have included the CPT and CPT II codes that can be submitted via claims. Please note, correct coding and submission of claims is the responsibility of the submitting provider.

Code	Туре	Measure	Description
1125F*	CPT II	Pain Assessment	Pain severity quantified, pain present
1126F*	CPT II	Pain Assessment	Pain severity quantified, NO pain present
1159F* + 1160F* must be billed together	CPT II	Medication Review	Medication list documented in medical record (COA) Review of all medications by a prescribing practitioner or clinical pharmacist and documented in the medical record
99483	СРТ	Functional Status Assessment	Cognitive Impairment Assessment and Care Planning
1170F*	CPT II	Functional Status Assessment	Functional Status Assessed

Updated 5/6/2022

\***CPT II codes** which are eligible for our Keystone First VIP Choice Healthcare Effectiveness Data and Information Set (HEDIS) Provider Incentive Program. This program provides compensation for reporting nonpayable CPT II codes, which help to satisfy HEDIS measures. To participate in the program, submit a claim for the eligible services you provided to a Keystone First VIP Choice member with the appropriate CPT II codes by following your normal claim submission process. **It is that easy!** Keystone First VIP Choice is excited about our provider incentive program and will work with your practice, so you can maximize your revenue while providing quality and cost-effective care to our members.

If you would like more detail on the HEDIS Provider Incentive Program, please visit our website at <u>www.keystonefirstvipchoice.com</u> under Provider>Resources>Quality. If you have any questions please contact our Quality department at <u>vipquality@amerihealthcaritas.com</u> or your Provider Network Management Account Executive. Thank you for your continued participation in our network and your commitment to our members.
